The Shield

2010

It is a resource that most of us use daily, it provides endless amounts of information and presents answers to questions. This is a tool that can be used in many different ways, with many different devices, and connects us with the world. This is, of course, the internet. Our social profiles, homework help, sports updates, and even a daily laugh, are right at our finger tips. The possibilities are endless.

Congratulations to the graduating class of 2010. It has been a long four years but we finally made it. We are excited to see where everyone will go and what we will accomplish, some will be doctors, others consultants, and maybe even some politicians. No matter where we go and what we do, we will never forget the experiences and unity that we had at North Scott High School.

We would like to thank Shelby Lindaman, Allie Schaefbauer, Sam Longner, and the rest of the yearbook staff, for all of their hard work and dedication to this year's edition.

Alyssa Buchman, Alexis Buchman, and Paige Lewis take a break from doing physics to take a picture.

Steven Trent and Alicia Moreland enjoy their free time together in the library.

During Homecoming week a few seniors get together for a picture. Bottom row: Austin Czupka, Zach Bippus, Jacob Reed, Callie Blake, junior Ben Schroder, Clint Kiewiet, and Trent Petersen. Middle row: Katelyn Ploessl, Jessica Allion, Chloe Corbin, and Jenna Gerard. Top row: Laura Carstens and Jordan Olsen.

In his foods class, Drew Johnson focuses very intently on getting his food mixed to perfection.

Allyson Jungwirth and Emily Hermiston are excited about skipping class to visit people in the new gym.

Tanner Johnson gives a fierce roar in his foods class.

(CONNECT AND SHARE)

We finally made it! After four long years of high school we will soon be heading off to college, and along with that comes changing our facebook networks (of course). We can track all of our fun times and high school memories through our generation's favorite social network. Whether it's through goofy pictures, friendly wall posts, or funny videos we will never forget our journey through high school.

(A PLACE FOR FRIENDS)

5.

You're finally an upperclassman! As you define your space at high school, you're learning it's a time of high stress with homework, jobs, preparing for the ACT and extra-curricular activities. It seems every moment is filled with something to do. With everything going on, you look forward to the weekends when you can just sit and relax. But high school is not all stress; it's also a place for friends. In between the chaos there are fun times - going to dances, cheering at football games and watching auds in the Pit. So enjoy the time and the memories. It will go by faster than you think.

Sophomore year, no longer a freshman, but not yet an upperclassman. With block classes you are now more a part of the rest of the school. Sophomore year also brings new responsibilities. Finally getting your license brings you independence like you've never experienced. Not to mention the fun of parking at the tennis courts, unless you prefer the upperclassmen parking spots. The friends and memories you've created this year will never be forgotten. Overall, sophomore year will be an awesome one.

Freshmen

(KEEPING N TOUCH WITH YOU BUDDIES)

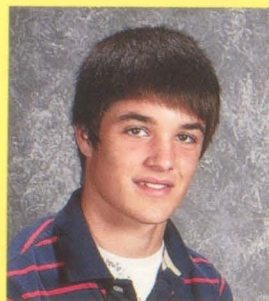

Freshman year is the beginning of the wonderful journey of high school. High school brings many opportunities to be involved in clubs, sports, and plays that make freshman year one of the most memorable. You have had numerous chances to make new friends and become involved in new and fun activities. The more challenging classes and more homework than junior high creates new stresses for everyone. The dreaded eight period day isolates the freshmen from the rest of the school making you feel separated from everyone else. High school is full of new and fun experiences so enjoy it while it lasts!

Student Life

(COMMUNICATE AND STAY CONNECTED)

Every year students at North Scott make memories that last a lifetime. Whether it is at a school dance, sporting event, or just in the classroom. Even with hectic schedules there is always time for fun. Getting involved in various activities is a huge part of high school. There are clubs for every interest that allow students to meet new people. Friendships are formed that could carry on past high school. - Laura Carstens

Jaime Ruiz

-Barcelona, Spain
Favorite thing about U.S: You get to drive when you are 16

What do you miss the most about home? Friends, family, parties, and the freedom I had before.

Is school more difficult at North Scott or at your old school? My old school

What are your plans after high school? Either go to college or maybe travel. I'm not sure yet.

Ana Garcia Bendito

-Madrid, Spain
Favorite thing about U.S: School is easier than in Spain and you get to drive at 16

What do you miss the most about home? The liberty I had there and my friends and family.

What is your plan after high school? I don't know yet, probably go to college

Verena Brey

-Germany
Favorite thing about U.S: School sports and drivers license at the age of 16.

What do you miss the most about home? Family, friends and food.

Is school more difficult at North Scott or at your old school? School in Germany was more difficult
What is your plan after high school? Going back to Germany to graduate after 2 more years, maybe going to a University, and traveling a lot.

Linda Segerfeldt

-Sweden
Favorite thing about U.S: Shopping, food, and that the people are so open and friendly.

What do you miss the most about home? My friends, family, and the freedom, there are too many rules here.

Is school more difficult at North Scott or at your old school? It's only harder here because everything is in English, but there is more homework in Sweden.

What is your plan after high school? College in the U.S and travel around the world.

Camille Fourre

-Paris, France
Favorite thing about U.S: The school spirit (like dances, games, etc)

What do you miss the most about home? Friends, parties, food, and the weather.

Is school more difficult at North Scott or at your old school? It's way easier and more fun here

What are your plans after high school? I'm considering moving back to the U.S. and going to medical school.

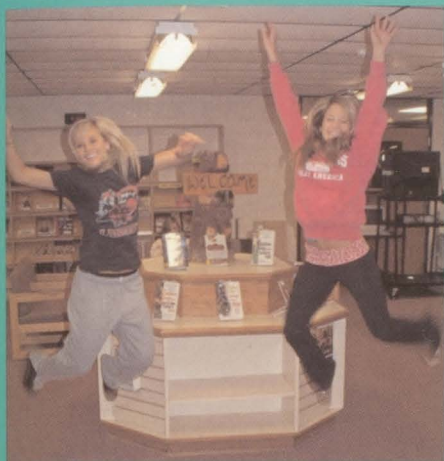

Fabienne Winteler

-Switzerland
Favorite thing about U.S: The football and basketball games (school spirit).

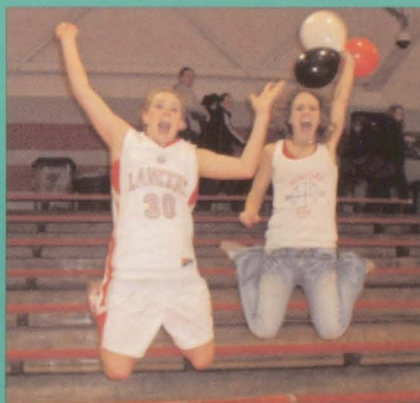

What do you miss the most about home? Family, Friends, Mountains.

Is school more difficult at North Scott or at your old school? My old school is more difficult.

What are your plans after high school? I'm going back to Switzerland to work and go to school for three more years.

Sports

(IT'S IN THE GAME)

Athletics at North Scott High are not just extra curricular activities, they are more than that. Through every practice and game, memories are made and friendships are built. The bond made between Lancer teammates is a bond that can never be broken. The drive and dedication from every North Scott athlete is what pushes us to succeed. Whether in the stands cheering, or on the field or court playing, you are a part of the North Scott Lancers and always will be.

Academics

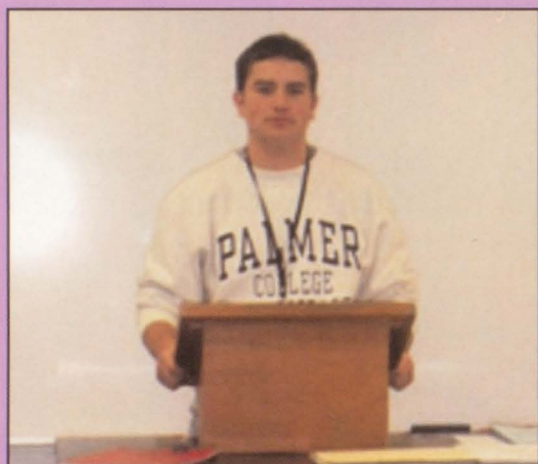

(SPARK LIFE)

This year students are taking more honors or college courses than any other year. These courses are just another way North Scott High School helps prepare students for their future. Although in class learning is crucial, this year there are many other opportunities for students to learn outside of the classroom. The Health Occupations Academy at Trinity Hospital allowed senior students to gain valuable experience by job shadowing doctors and surgeons. Additionally, the Freshman Mentor Advisory is a new program that connects seniors with freshman to teach the underclassmen teamwork, communication, and responsibility. All these new activities only add to the overall academic experience offered at North Scott High School.

Performing Arts

(BROADCAST YOURSELF)

North Scott is not only an athletic school, it also has many talented students devoted to the performing arts. Every single student involved in the arts makes it their priority to rehearse and perform to the best of their ability. You can always see the students' great efforts in the rehearsals and performances. This year LP students performed a musical, "Bye Bye Birdie", and a drama, "It's a Wonderful Life". While watching all of the band and choir concerts this year, it is evident that the musical education keeps improving.

Clubs

(YAHOO!)

Club: a group of people associated for a common purpose, usually in an organization that meets regularly. There is a club for everyone at North Scott. They meet during advisory, before school, after school, or on the weekends. Clubs provide a way for students to be involved and make new friends. Anyone can join them and everyone has different reasons for being involved. The people in each club typically have similar interests and personalities which makes for a fun and inviting time.

We are connected

We live in a time where interconnectivity and instant gratification through technology is becoming more prevalent every day. From wireless printers to GPSs and phones, each device available keeps us connected completely up to date. If used correctly, these devices can be great tools for success.

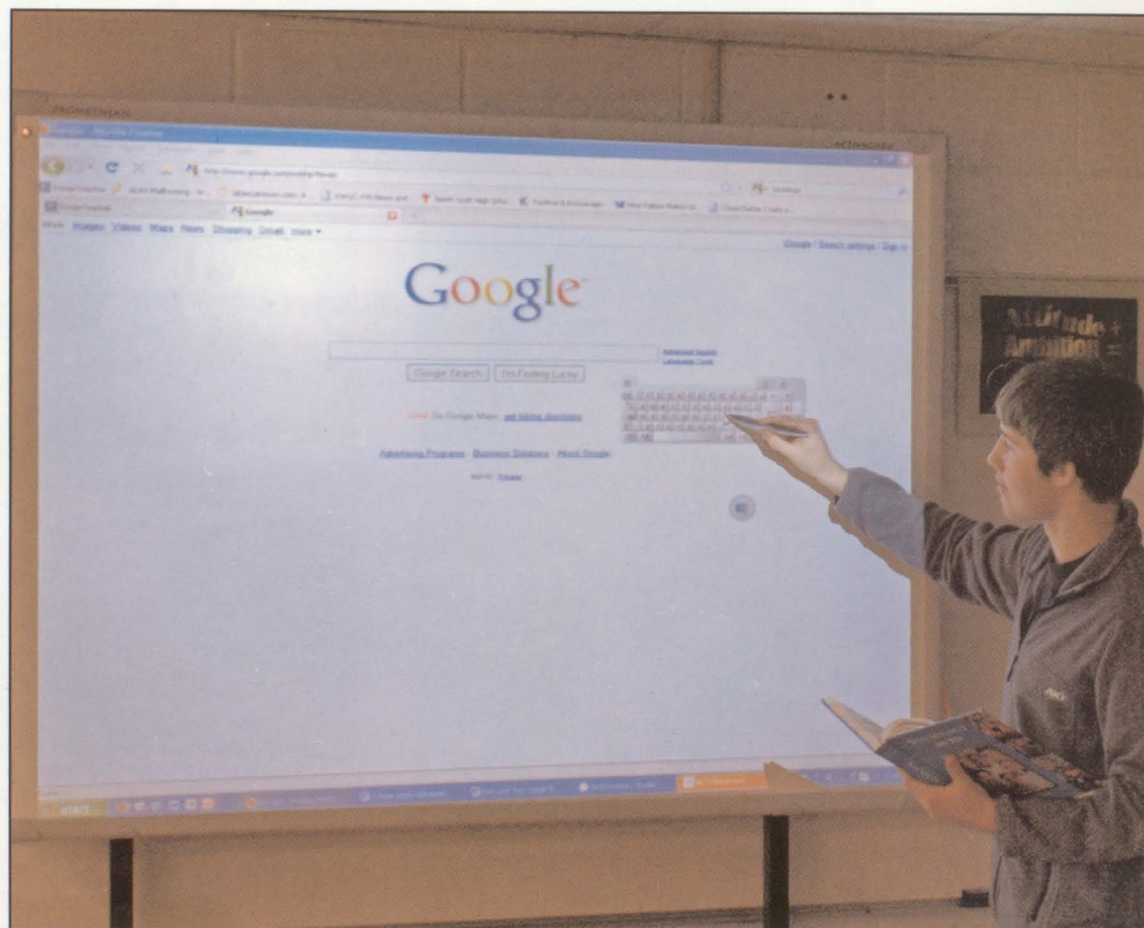

To the class of 2010, may

you exceed expectations and overcome objections. When we move on don't forget why you came, to make a difference and to pursue a path that you love. Never be afraid to speak out and remember to continually plant seeds for your future. I wish you all the best of luck and hope your futures are bright.

-Jake DeVries

Words of Wisdom

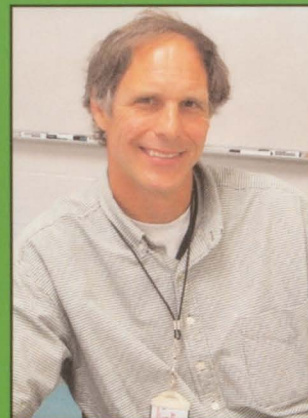

For the Graduating Class of 2010

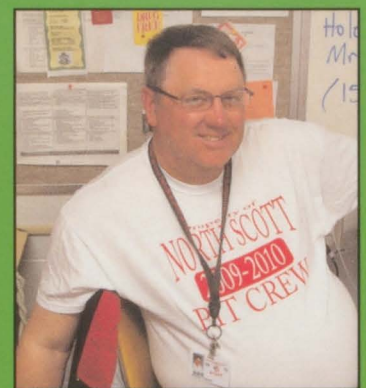

Always remember that 53% of statistics are made up on the spot and even teachers get senioritis!
-Mrs. Kube

Find what interests and excites you and do it!
-Mr. Merrick

If you don't like the way things are, do something about it.
-Mr. Newmeister

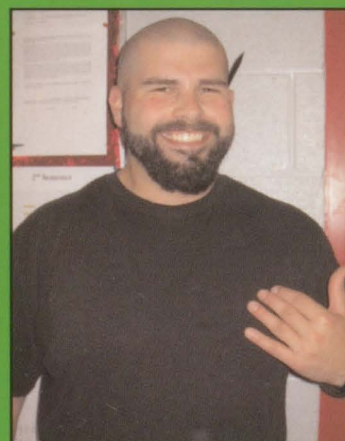

Competition for jobs right now is intense, work as hard as you can so that you will have the edge when it comes time to land that first job.
-Mr. Denner

Find an area you love to study and pursue it. Make good decisions even if you're the only one that's doing what is right
-Mrs. Green

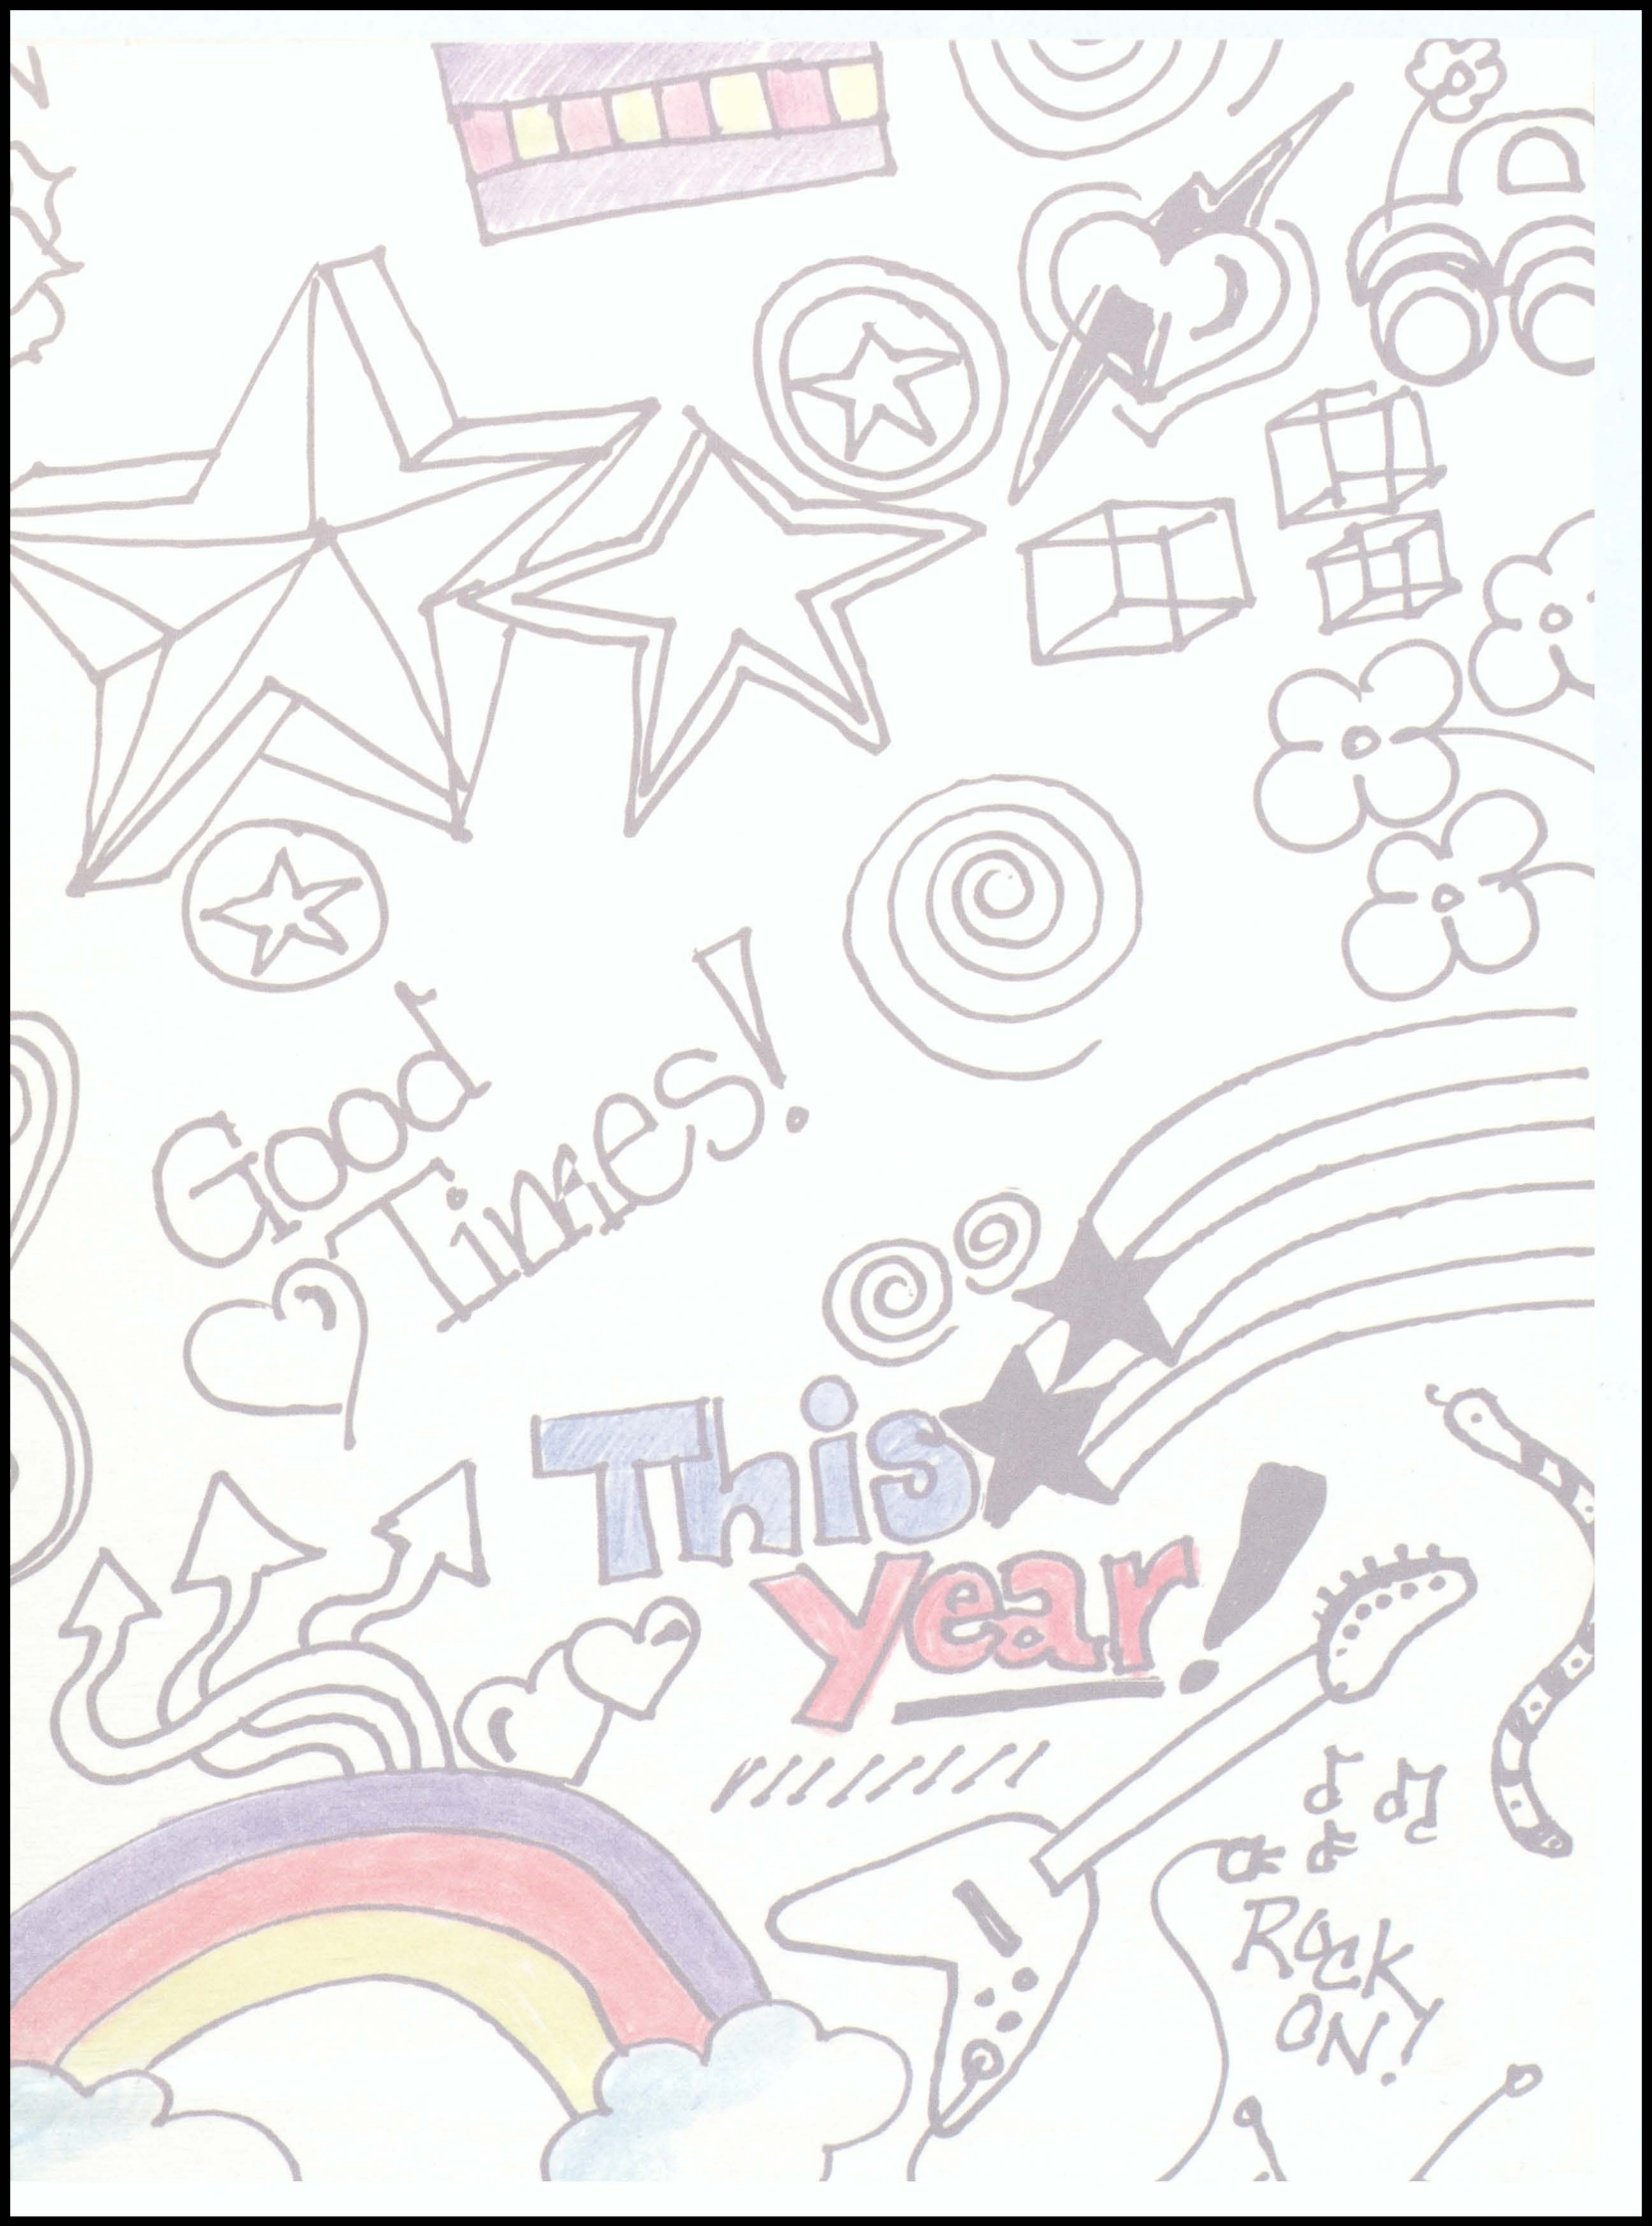

Travel as much as possible, experience everything you can, and have no regrets.
-Mrs. Halfman

Read Nelson Mandela (right)
-Coach Stewart

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."
